IMPORTANT NOTICE FOR ALL MARKET USERS – CHANGES IN GATE CLOSURE TIMES

The MMA are looking at new ways to reduce the markets environmental impact in 2014.

Throughout 2013, one of the key focuses of the MMA has been the amount of waste generated in the market and looking at new ways to improve environmental performance.

While the MMA will be implementing new strategies to reduce the amount of waste generated, there is an immediate need to reduce the waste that blows out of the market and onto Footscray Road.

The MMA has been working with the Melbourne City Council to look at how we can reduce the waste on Footscray Road which has become a hazard for pedestrians, vehicles and cyclists.

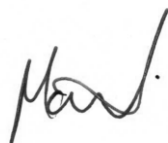

To combat this growing issue – some gates within the market will now be closed directly after trading hours.

Commencing Monday 17 February 2014 the following gate closure times will now apply:

- Gate 2, Gate 3 and Gate 4 will now close at 8.00am
- Gate 1 will remain open 24 hours.

We appreciate your cooperation.
